

Keith Harrell

“Keith hit our objectives with nothing short of a home run! His energy was high and he drove home the importance of providing exceptional service, of reaching for your highest potential, and keeping an undying positive outlook in all that you do. He reinforced possibilities lie in a person’s determination to see a bright future and to give all you got to be successful inside and out. Our team was driven with enthusiasm and had left the presentation wanting to learn more about what other resources that Mr. Harrell has available for reference.”

“I have been attending sales meetings for longer than I would like to admit and I have sat through many closing motivational speaker presentations. Your talk a few weeks ago at our Mid Year Sales meeting really struck a chord with me. Your message was very personal from your experience, but it helped re-stimulate the roots of my being and I wanted to thank you for that. It was a true pleasure to hear your message to us about ‘Change and Attitude’.”

McKesson Provider Technologies

“As usual, Keith was a 10+++++++!”

Omni Hotels

“I just wanted to take the time to say thank you! I attended your session in Phoenix and it was super-fantastic! One thing I do know is, no matter what you give us, it doesn't work unless it is applied! I've been applying the tools you reminded us that we already had and I feel SUPER-FANTASTIC and others around me are catching my spirit. In about 15 more days it will become a matter of habit (21days). Thank you again!”

General Motors

“Keith's presentation was a great, high-energy opener for our meeting and was very well received by our agent audience. We were very happy and felt he set the right tone. Also, Keith's coaching cards were a very useful take away and we received positive feedback on them from our audience.”

Allstate Insurance

“Keith's energy transmits through his positive outlook on life. Through his real life experiences, shared through his great story telling ability, he has a way of connecting with his audience in a spiritual and emotional manner. Keith has a way of moving people emotionally to help them reflect on their own lives. Absolutely super-fantastic!”

Riverside National Bank

ETI Professionals, Inc.

"Without a doubt, Keith Harrell is one of the best motivational speakers that we have contracted for our annual conference. Keith's energy on stage is amazing. Keith can get through to just about anyone no matter what their personality. He had several of our attendees quote his previous keynote, in detail, from twelve months ago. Now, THAT is a lasting impression."

First Mercantile

"I wanted to take a moment to let you know how very much I enjoyed your keynote address given at the Misys Healthcare Systems conference!!! What an awesome, insightful and delightful perspective you shared with us. If I can only tap into a small piece of the advice you gave, I know I will become a stronger, better person. Thank you for your words of wisdom and inspiration!!"

Jacksonville Orthopedic Institute

"Your message was right on the mark and something our company needed to hear. Your presentation, and your book, crystallized thoughts and actions I have spent most of my career fine tuning. It is amazing when opportunities like your program are made available just at the right time."

Emdeon Practice Services, Inc.

"We thought Keith was fabulous. I hear everyone quoting him today around the office! He really got the team energized and it was a (super) fantastic way to end the week."

Omgeo LLC

"Just wanted to say thanks for coming to speak with us today. You are by far the best speaker we've ever had!! I wish you could come back again. Thanks for the speech, but most of all thanks for the encouragement. Your message was one that our company needed to hear."

Blue Cross Blue Shield of Southern California

"A fantastic job! Our employees arrived excited about the event and you took them to another level, far surpassing our expectations. I have heard nothing but glowing testaments and - when will we do this again."

Ameris Bank

"Needless to say, Keith was a big hit with an usually uptight audience. Although all the pages of background required for customization were daunting at an unusually stressful time here, these proved to make a huge difference. I was asked by Board members if I wrote his speech because it was so laden with project management and PMI references. New standards were set. He led everyone to the opening of the exhibition hall and served as the official greeter. Then stayed for a two hour book signing and wanted to go on to the PMP Reception. He needs to increase his fee to at least \$25,000 an appearance. Worth every penny of it. Thanks for facilitating his appearance."

Project Management Institute

"Keith, I wanted to drop you a note to let you know how much I enjoyed hearing you speak at our conference a couple weeks ago. I have joined the super-fantastic club and visit your site frequently to search for positive affirmations. I hope our paths cross again in this lifetime!"

Zaxby's Franchising, Inc.

“We just wrapped up our program and as expected, Keith was a success! Our President said Keith was genuine and that was what made his presentation so powerful. I would like to pass on that I was personally touched by his message. I've had such questions for myself on whether or not I was doing the ‘right thing’ or ‘will I fail.’ Keith's message made me realize, no matter what happens, my attitude will be my key to success. I knew Keith would be perfect for our venue and that is why I recommended him. However, I didn't know how much he would personally impact ME. Please pass on my gratitude!”

Scientific-Atlanta

“Keith, I wanted to take a moment to thank you and I don't want to seem mellow-dramatic, however your recent program for the G&K TeamWear Performance Champions Retreat in Florida, for me can only be described as life changing., You literally woke me up to a new understanding of myself and self worth! I have not been able to stop talking about it. One of the managers lent me a copy of your book, Attitude is Everything; I have already finished it and am re-reading it. I just wanted to say, with all sincerity, thank you! I hope you truly realize what you do and how you affect and inspire people! Thank you Sir, you are amazing!”

G&K Services

“Keith, I saw you at our ADT conference this weekend and was really inspired. I have and will continue to change my attitude for the better. I want to thank you for being a great inspiration to me and I will inspire my company of people, too. Once again, thank you for the attitude adjustment. Just wanted to say it was SUPER-FANTASTIC!”

ADT Home Security Services

“I just wanted to thank you for your inspiring presentation. Keep in mind this was the last day of the sales meeting, everyone had to travel home and it was after lunch. I continue to here about the excitement you conveyed. You used the right points directly tied to what we had been preaching all week. Thanks for your enthusiasm and articulate approach to conveying valuable information that can help each of us in our jobs and personal lives.”

Indus International

“Keith, I sat directly in front of you in the 4th row during your presentation at our National Sales Meeting. I've lived my life believing many of the things you said and truly believe that ‘attitude is everything.’ I recently watched the DVD replay of you and, immediately after that, began formulating a motivational broadcast voicemail message to my 72 Sales Reps and their 7 District Sales Managers. It was going to be a beauty and you would have been proud! As I picked up my business line, my personal phone rang. It was my 30 year old son, Mike, calling to tell me my 21 year old son Mark was in a car accident a few hours earlier and was killed instantly. Throughout the process of laying Mark to rest, I found comfort in the thought that I should not be sorry he died, but rather joyful that he lived and touched so many hearts. I am still dealing with the grieving process and find comfort reaching out to you for reminding me that some good comes from everything. Thanks for what you do.”
