

## **Dr. Nido Qubein**

*“Nido did an amazing job and no one moved during his entire presentation. He received a standing ovation and I feel sure our attendees took away valuable information and were motivated to bring new ideas to their businesses. Nido is the consummate professional and a pleasure to work with and I am so glad we were able to share him with our attendees this year!”*

**North Carolina Association of Realtors**

*“Nido captivated a large and astute group of commercial real estate brokers from across the nation at our company's national sales conference. His message is inspiring and universal, and is delivered with polish, passion and humor. One of our brokers read Nido's book on the flight home and said, 'this is the only book a salesperson will ever need.' Our large audience is not easily impressed, but I can honestly say Nido walked away with 600 new friends.”*

**Sperry Van Ness Commercial Real Estate**

*“Nido provided value to our stockholders that very few speakers have the ability to do...His delivery is superb.”*

**AgFirst Farm Credit Bank**

*Thank you so much for the great program you did for us! You are truly the best! You are a class act and one of the few people who is the same on the stage as off the stage. You truly preach what you practice! As Always, I'm looking forward to the next time.”*

*“Nido Qubein was wonderful. The franchisees loved him and his message. He pulled at the heartstrings of these small business owners and they really connected with his message. He spoke*

*so passionately and the emotion he drew from the audience was impressive. He as well received a standing ovation (from a group of attendees who generally are not easily impressed or often get out of their seats for presenters)."*

**H&R Block**

*"Nido's common sense approach to business success is practical and enlightening. His challenge to conventional wisdom was both refreshing and thought-provoking. This seminar was a valuable investment of my time."*

**United Federal Credit Union**

*"What an Extraordinary day my day has become after listening to you this morning at the GMA Workplace Workshop! You inspired me to be my own Director of WOW for my family, my life and my work!! You reminded me to live and appreciate my life today. THANK YOU."*

**VF Corporation**

*"I wanted to thank you for the outstanding presentation you gave to our group last week in Atlanta. Your message was very inspiring, entertaining and motivational. I was personally inspired to really look at my business and find the 'paths we need to pave' in our organization. I spoke to a lot of our attendees and each felt that you were our 'best speaker ever', and this was the event's 22<sup>nd</sup> year! Thank you again for sharing your experience and insights with our customers and employees."*

**Linc Network**

*"I really enjoyed your presentation in Atlanta. After listening to your story, I don't think anyone has excuses to not succeed in business or life. Your talk definitely had a positive impact on me."*

**Total Comfort Services**

*"Nido was a wonderful addition to our event. He is a very personable speaker! All of our people were impressed with his stories and how they related to both work and family. Several of them came to me and gave me positive feedback. We are a very numbers/results driven bunch and his input about running the university as a business was very impressive. I have a great appreciation for the years of passionate living it takes, to create life experiences that produced the hour and a half we spent together."*

**Platinum Corral Restaurants**

*"We were late in booking Nido which made it difficult to arrange a pre-event call and we had to send our company plane to pick him up, in order for him to even be at our event....and if we had only known what an amazing speaker he was, we would have bent over farther! He was easily rated the best speaker at our meeting...and that's after hearing him on the first night when lots of folks were jet-lagged and he spoke after dinner!! We could not have been happier or more impressed. Truly an amazing human being. I hope we can work with him again one day. Thank you on behalf of our senior leadership group."*

**O-I**

*"Nido's program was terrific, proved by an abundance of accolades. The overall audience reaction was positive and I heard members of our board of directors repeating some of his jokes throughout the day. Nido captivated our audience with a delicate balance of wit and professionalism."*

**Pennsylvania RV & Camping Association**

*"Nido, My thanks to YOU for being everything (and more than) you promise! That's not always the case in the world of professional speakers. Imagine promotional material that is actually TRUE!!"*

**Action For Children**

*"Nido is an incredible speaker and my office continues to quote him almost everyday. It is remarkable that one speaker could have such an effect. I could have listened to him all day."*

**AgFirst Farm Credit Bank**

*"The business of hiring speakers and having their contributions further the objectives of a given meeting is often 'hit or miss' in spite of advance planning and effort. However, Nido has been 100% reliable. His remarks have been perfectly tailored to our audiences and have hit the mark with a direct bull's eye every time!"*

**Growmark Corp.**

*"In the past four years it has been my job to find the guest speaker and I take it very seriously. The speaker must be funny, but not a comedian, he must be entertaining, but not an actor, and above all, the speaker's message must apply to everyone. I know our sales people will think differently about people in jeans and sneakers. They will also be cognizant of positioning and never afraid of saying, 'They come in a set.' Our leaders will be keenly aware of the difference between education and training, and everyone will remember your common sense approach to life's challenges. I even had an employee ask for your address in order to write you. That, in 19 years is a first."*

**Lincoln-Mercury**

*"Nido exceeded my expectations! He embedded my organization's challenges in his presentation. His passion and enthusiasm were uplifting. I will be using him again."*

**Wausau Insurance Companies**

*"THANK YOU SO MUCH!!! They/we LOVED your presentation. Really hit them between the eyes. Sometimes CEOs get jaded, but you spoke directly to their nature, and they were captivated. And it was a pleasure for me to meet you personally after hearing about you for three years. Everything they said was true - and good, by the way!"*

**CEO Council of Tampa Bay**

*"Thanks for the great message! Your presence at our meeting was felt and very much appreciated! The group referenced your message many times throughout the three days, and I took the opportunity to reference the 'preach what you practice' statement during our awards ceremony on Saturday. Thank you for all of your kind words and thoughts - your message comes through loud and clear...it's consistent with our philosophy and our growth plans!"*
